

# *Celebrate with* TSG AURA RESORT

## BEACH-FRONT PROPERTY

By the virtue of its location, TSG Aura resort is the most sought-after property among the tourists.

Moreover, it can make for a great spot for destination weddings in Andaman. We organize small celebrations including candle-light dinners, birthday parties, etc. While we do that, we make sure that the celebrations don't cause any type of pollution and that all permissions are taken care of.

We serve organic food to our guests that is grown in our own farms, which can be another location for you to spend a good weather day at.

Book a visit to explore the most amazing options for beach side celebrations in Andaman.
